

Infant Welcome letter

Welcome to our Infant classroom! We are excited to be your child's care-giver(s)! We will have many adventures together as we learn about the world around us. When you first begin your child in our classroom, we are asking that each family brings in a family photo. We are creating a large classroom family tree inside of the classroom.

Curriculum...

We incorporate a wide variety of teaching methods and materials in the infant room. Infants learn directly through their senses operating within their environment. We create our weekly curriculum and monthly themes with this in mind. The core of our curriculum focus is on sensory input experiences. We regularly go on walks, listen to variety of music throughout the day, explore materials for creative art, sing silly songs and read lot of books and have belly time!

Belongings...

Some things you will need in your child's cubby are:

- Spare clothes (onsesies, clothes, socks)
- Pacifier (if used)
- Diapers & wipes (Supply Weekly, Please lable)
- Bottles (Pease lable)

Daily sheets

Aside from communication during face to face interactions, we use daily sheets. These will be located in your child's bag or handed to you at pick up time. This is where we write down your child's bottle, meals, naps and diaper changes. We will also write down belongings your child will need more of.
