

Younger toddler Welcome letter

Welcome to our younger toddler classroom! We are excited to be your child's teacher(s)! We will have many adventures together as we learn about the world around us. When you first begin your child in our classroom, we are asking that each family brings in a family photo. We are created a large classroom family tree.

Curriculum

Younger toddlers like moving and being active throughout the day, climbing, jumping and dancing. We will offer your child many ways to be active, both indoors and outdoors. We will also provide materials and activities that interest children and help his/her hand coordination like scribbling on paper, stacking toys and painting with a paint brush. We will listen to a variety of music, play outside and read lot of books.

Belongings

Some things you will need in your child's cubby

- Spare clothes
- Sippy cup (Lable)
- Diapers/wipes (Lable)

Daily sheets

Aside from communication during face to face interactions, we use daily sheets. These will be located in your child's bag or handed to you at pick up time. This is where we write down your child's bottle, meals, naps and diaper changes. We will also write down belongings your child will need more of.
