Everything you need to know for water play:

***Water play starts Monday, June 10th

- Water play will be every **Monday, Wednesday & Friday**. (weather permitting)
- Please bring your child to school **wearing** his/her swimsuit. **Boys** can come in wearing their swim trunks and swim shirt. **Girls** can come in with their swimsuits on with a cover up or clothes over it. *(Please have everything labeled with your child's initials or name, thank you.)*
- Please pack a pair of extra clothes in your Childs backpack daily.
- The wet suits and towels will go home in their back packs, and the change of clothing you supply on water play days will be used for them to change into after their water play is over
- It is VERY important that the back packs go home each water play day (Mon, Wed, Fri) and never, EVER should wet items be left behind.
- Swim diapers are needed for water play days. (Potty trained children don't need anything unless you want them to have something on during swim.)

What we use during water play:

Sprinklers, kiddy pools, splash pads and water toys...
